

1160mm Hexagon

1160mm Ø Circle

1	Eclipse Island
2	Design Suspension Hanger
3	Classic Suspension Hanger
4	Spiral Anchor

Notes

1. Each Hexagon or 1160mm Ø Circle Eclipse Island requires:
 - 4 Suspension Hangers (Classic or Design), and
 - 4 Spiral Anchors
2. Spiral Anchors are inserted directly into the back of the Eclipse at the locations indicated. Other locations may be possible, please consult the System Description or contact the Technical department for more information.
3. Integrated services must be supported independently of the Eclipse.

Section

Section

Drawing must be read in conjunction with the latest System Description for Rockfon System Eclipse Island

All screws and fixings shown are for illustrative purposes only. Suitable fixings should be selected based on structure and materials used.
